Question 1

How can I manually add autocorrect options to **Word 2007**?

AL's answer

<http://www.atomiclearning.com/almovie?key=29703>

Question 2

How can I remove the background from a photo using **Photoshop Elements 4**?

AL's answer for Mac

<http://www.atomiclearning.com/almovie?key=30131>

AL's answer for PC

<http://www.atomiclearning.com/almovie?key=28418>

Note: The answers for question 2 come from the [About Me](#) Lesson Accelerators.

AI is adaptable: Make your pictures pop by using the ideas in this Lesson Accelerator. By removing or dimming the background in a picture, you can highlight your children, pets, or favorite landmark. Use these modified pictures as gifts or on cards. They are sure to be a hit.

Welcome

AL answers questions about various software applications. It's his way of reminding you that [Atomic Learning](#) has answers to these, and many more questions you might have.

Share your ideas for adapting Atomic Learning resources.
